- **Quality Assurance & "First Time Right" Methodology**
- **Strategic Stakeholder Engagement**
- **Conflict Resolution & Employee Relations**
- **Service Level Agreement (SLA) Optimization**
- **Employee Lifecycle Management (ELM)**
- **Cross-Functional Organizational Synergy**

PROFESSIONAL EXPERIENCE

Amazon – Human Resources Shared Services
HR Assistant II (Full-Time) | 2015 – 2018

- Acted as the primary liaison for employees and international stakeholders, resolving complex inquiries via **Payroll Central,** email and telephony with high-level professionalism and accuracy.
- Managed end-to-end data lifecycles for high-volume employee records across multiple HCM systems namely P**eopleSoft**, **Dayforce**, and **Payforce**, ensuring 100% data scrutiny and strict adherence to confidentiality protocols.
- Engineered and distributed daily/weekly performance metrics and reconciliations by extracting and analyzing data from **Kronos (MyTime)** to drive data-informed decisions and maintain organizational compliance.
- Orchestrated task assignments for a 25-member team, consistently meeting or exceeding Service Level Agreements (SLAs) within a high-pressure, fast-paced environment.
- Developed and maintained rigorous filing and record-keeping systems, ensuring seamless transitions during internal audits and regulatory reviews.
- Facilitated critical payroll corrections across the US, Canada, Mexico, UK, and Poland, utilizing **Payroll Central** and **Payforce** directly contributing to regional pay accuracy and timeliness.
- Partnered with leadership and cross-functional teams to resolve high-priority escalations and improve inter-departmental workflows.
- Analyzed customer escalations to identify root causes of errors, implementing process improvements that enhanced the overall employee experience and team efficiency.

KEY PROJECTS & INITIATIVES

Global Payroll Integrity & Remediation (Sandpiper Project): Spearheaded a critical Employee Lifecycle Management (ELM) initiative to resolve historic pay and accrual defects for the US and Canada. Leveraged Enterprise Resource Planning (ERP) systems (PeopleSoft & Dayforce) and Global Payroll Administration platforms (ADP Payforce & Payroll Central) to execute complex adjustments. Ensured Total Rewards & Compensation Integrity via regular, off-cycle, and hardship payments while fostering positive Conflict Resolution & Employee Relations.
Workforce Automation & BPR (Mass Paycode Upload): Co-led Business Process Re-engineering (BPR) & Automation efforts to deploy a mass paycode upload system within Workforce Management (WFM): Kronos (MyTime). This initiative eradicated manual data entry errors, streamlined high-volume processing, and directly drove Service Level Agreement (SLA) Optimization.
Quality Assurance & Auditing (Perfect Pay Program): Championed a data-integrity initiative rooted in Quality Assurance & "First Time Right" Methodology to significantly reduce payroll defects. Utilized Advanced Data Analytics & Business Intelligence (MS Excel) for deep-dive system audits, reinforcing strict HRIS Data Governance & Auditing standards.
International Operational Transition (Poland Non-Defect and Accrual Transition): Orchestrated the strategic migration of historic pay and accrual correction workflows for the Poland region. Fostered Cross-Functional Organizational Synergy to align local requirements with global standards, managing sensitive data transitions with rigorous Information Assets & Records Management.
Centralized Vacation Process & Compliance: Executed a comprehensive Human Capital Management (HCM) Strategy by centralizing vacation tracking and reporting infrastructure. Ensured robust Regulatory Compliance & Data Privacy (GDPR/PII/CCPA) while optimizing approval efficiency across multiple international regions.
Training & Strategic Engagement: Facilitated proactive Strategic Stakeholder Engagement by designing and conducting global training sessions. Elevated team competencies and process adherence, ensuring seamless service delivery and operational continuity across the Shared Services center.
